Terms \$1500 cash. \$6000 mortgage for 5 years. Interest 6 per cent.

FISHER, ABLES CO., LTD.

## A BROKEN DOWN SYSTEM.

This is a condition (or disease) to which doctors give many names, but which few of them really understand. It is simply weakness—a break-down, as it were, of the vital forces that sustain the system. No matter what may be the cause (for they are almost numberless), its symptoms are much the same; the more prominent being sleeplessness, sense of prostration or weariness, depression of spirits and want of energy for all the ordinary affairs of life. Now, what alone is absolutely essential in all such cases is INCREASED VITALITY—VIGOR—VITAL STRENGTH AND ENERGY to throw off these morbid feelings, and experience proves that as night succeeds the day this may be more certainly secured by a course of the celebrated life-reviving tonic

**THERAPION NO. 3**  
then by any other known combination. So surely as it is taken in accordance with the printed directions accompanying it, will the shattered health be restored, the EXPIRING LAMP OF LIFE LIGHTED UP AFRESH, and a new existence imparted in place of what had so lately seemed worn-out, "used up" and "featureless." This wonderful medicine is purely vegetable and innocuous, is agreeable to the taste—suitable for all constitutions and conditions, in either sex; and it is difficult to imagine a case of disease or derangement, whose main features are those of debility, that will not be speedily and permanently benefited by this never-failing recuperative essence, which is destined to cast into oblivion everything that had preceded it for this widespread and numerous class of human ailments.

**THERAPION**  
chambers should see the word "Therapion" appears on British Government Stamp (in the sold by the principal Chemists throughout the world. Price in England, 2/6 and 4/6. Put white letters on a red ground) affixed to every package by order of His Majesty's Hon. Commissioners, and without which it is a forgery.

**HICK'S HAIR RESTORER AND FRECKLE CURE.** Not a Dye but a Restorer; Not a Cream, but a FRECKLE, TAN AND PIMPLE CURE. If not, money refunded by Miss Wynn, Hair Dressing Parlors, Richards street.

**Vapo-Cresolene** Cures Whooping Cough, Croup, Coughs, Bronchitis, Influenza, Catarrh.

It cures the air rendered strongly antiseptic by carrying over the diseased surfaces of the bronchial tubes with every breath, giving prolonged and constant treatment. Those of a consumptive tendency, or suffering from chronic bronchitis, find immediate relief from coughs or inflamed conditions of the throat.

CRESOLINE is a boon to ASTHMATICS.  
ALL DRUGGISTS.  
THE VAPOR-CRESOLINE CO., 180 Fulton St., New York City.

# LIQUOR DEALERS' BILL INTRODUCED IN HOUSE

The Measure Shows Many Points of Difference From That Fathered by the Administration and Presented Monday.

The Senate tried twice yesterday to consider the Governor's recess appointments in executive session, and they will be taken up in open session this afternoon. The balance of the day was devoted to routine matters, the special committees having sections of the county bill under consideration not being ready yet to report. Senator Dowsett, the chairman of perhaps the most important of these committees, said yesterday that he expected to have a report ready for submission today.

In the House the liquor dealers' bill was introduced, a measure that differs very materially from the administration bill, introduced on Monday. The main feature of the bill may be said to be the creation of a License Commission of five members, of which the High Sheriff shall be the head and of which the other four members shall be appointed by the Governor for two year terms, to have control of the issuance of all licenses.

The House adopted the report of its Health Committee refusing to grant a license for the sale of light wines and beer at the Settlement on Molokai, and tabled the bill providing for the issuance of such license.

## LEGISLATURE-TWENTY-NINTH DAY.

### THE SENATE.

Twice yesterday the Senate tried to hold an executive session for the consideration of Governor Carter's recess appointments, and twice the attempt failed—so far as consideration was concerned. In the beginning, an effort was made to meet behind doors before the call to order, but all the Senators were not on hand, and that failed. The second time was after the open session in the afternoon, and that, too, failed and it was resolved to consider the appointments in open session at 2 o'clock this afternoon.

Aside from this, the day was given over to routine matters for the most part, the county bill Special Committees not being ready to report upon the portions of the measure passed pending submission to the committees.

The House notified the Senate of the passage of House bill 136. The notification followed the usual course, going on file.

**ORPHANAGE WANTS HELP.**  
The manager of the Kona Orphanage presented a petition asking for an appropriation of \$2400 to help in carrying on the good work of that institution.

The Judiciary Committee reported favorably on Senate bill 69, the pawnbrokers' bill, amending the measure slightly. Laid on the table to be considered with the bill.

The same committee reported favorably on Senate bill 85, the liveryman's lien bill. Laid on the table to be considered with the bill. Dickey failed to concur in the report.

From the Conference Committee on House bill 43, fixing the rate of pay for laborers, Ganda reported fixing the rates at \$1.50 per day in Honolulu and \$1 in outside districts. The motion came on the adoption of the report. Dickey and McCandless opposing it. Achi moved to defer action until 2 p. m. several Senators being absent, and this carried. At the afternoon session, the report of the Conference Committee favoring the raising of wages was killed and the figures remain as in the bill passed by the Senate. The bill probably will now go back to conference, the action depending on the course taken by the House.

**SCORES THE COMMITTEES.**  
President Isenberg stated that he was not at all satisfied with the way that committees were working. Select committees must report in five days and Standing Committees should be more prompt. Senate bill 24 had been referred to a Special Committee on March 8. This was the loan bill and Bishop said that committee had reported progress. This was admitted, and his action on the bill commended.

The Judiciary Committee reported favorably on House bill 84. Laid on the table to be considered with the bill. Consideration of the Governor's recess appointments was deferred until 2 p. m. today the President remarking at the same time that there would be an executive session at 2 o'clock this afternoon to consider the matter.

Senate bill 41, the forest reservation bill, was read for the third time and passed, only Kalama voting against it, and he changed his vote. Dowsett and Woods were absent.

Senate bill 91, the prison parole bill, on third reading was deferred, Dickey, the introducer, being desirous of having a consultation with the governor upon it.

House bill 62, relating to costs of court, on second reading went to the

Judiciary Committee. Like action was taken with House bill 96, relating to the widow's election of dower.

### MATTERS OF ROUTINE.

House bill 98 went to the Ways and Means Committee on second reading, as did House bill 118, the usury bill.

Senate bill 69, the pawnbrokers' license bill, was read for the third time, there being no dissenting vote.

Senate bill 85, the livery stable keepers' lien bill, on second reading was referred to the Revision Committee for correction.

House bill 84, to authorize execution to issue as soon as the judgment or verdict, with the committee's amendment to authorize an interval of ten days, was read for the second time and passed second reading as amended. The bill will be read for the third time today.

At the afternoon session Senate bill 89, the Bishop bill relating to the licensing of emigrant agents, was read by title and referred to the Ways and Means Committee.

Senate bill 90, to prevent the wanton destruction of food fishes, was read by title and went to the Miscellaneous Committee.

Senate bill 52, relating to internal taxes, passed second reading and will be read for the third time today.

Senate bill 80, appropriating money for the Chinese Hospital, was tabled on second reading, and that probably kills it.

After this the Senate went into executive session to consider the Governor's recess appointments, but adjourned without taking any action.

### THE HOUSE.

The quiet introduction by Fernandez of the liquor bill which is commonly supposed to be the bill representing the views of the trade, was the feature of yesterday's session of the House of Representatives. It was read by title for the first time and passed on to the Printing Committee.

As may be expected, the bill differs from the Administration's bill in several salient details.

### LICENSE COMMISSIONERS.

It provides for a board of five license commissioners one of whom shall be the High Sheriff and four others to be appointed for two year terms by the Governor. None shall be directly or indirectly engaged in the manufacture or sale of liquors, nor directly or indirectly connected with any temperance propaganda or organization. Nor shall they hold any other public office.

Applications for licenses shall be filed with the Treasurer and passed on by him to the Board of License Commissioners.

The form of bonds and description of premises is provided for.

Section 6 provides that "Special liquor licenses, granted under the provision of this Act, may be granted for a term not exceeding three days, and shall not be issued until the applicant shall have paid to the Treasurer the fee of the license applied for."

This is intended to cover such special occasions as race meetings and the like.

### CLASSIFICATION.

The most important feature of the bill concerns the classification of licenses. It provides for five different classes, thus:

(1) The wholesale liquor license shall authorize the licensee to sell intoxicating liquors in quantities not less than five gallons; provided, that no part of any such intoxicating liquors, sold under such license, shall be drunk, or used, on the premises where it is sold, or in any other house or premises contiguous thereto, procured or rented for that purpose by the party holding such license, or by any other person or persons whatsoever through his agency.

(2) The retail liquor license shall authorize the licensee to sell intoxicating liquors in quantities less than five gallons; provided, that no part of any such intoxicating liquors, sold under such license, shall be drunk, or used, on the premises where it is sold, or in any other house or premises contiguous thereto, procured or rented for that purpose by the party holding such license, or by any other person or persons whatsoever through his agency, unless such licensee is also the holder of a saloon license for the same premises; and provided further, that in districts of the first class, this license shall not be issued except in conjunction with a wholesale liquor or saloon license.

(3) The saloon liquor license shall authorize the licensee to sell intoxicating liquors in any quantity up to and including one gallon.

(4) The hotel liquor license shall authorize the licensee to sell intoxicating liquors by the glass or bottle, provided that no part of such intoxicating liquors shall be sold for consumption off the premises described in such license.

(5) The special liquor license shall authorize the licensee to sell intoxicating liquors by the glass or bottle, at race tracks, race meets, and other places of public entertainment; provided, however that no such license shall be granted unless the application is first approved by the persons, persons, society or organization in charge of such race tracks, race meets, or other places of public entertainment.

uses; and provided further, that in districts of the first class, this license shall not be issued except in conjunction with a wholesale liquor or saloon license.

(2) The saloon liquor license shall authorize the licensee to sell intoxicating liquors in any quantity up to and including one gallon.

(4) The hotel liquor license shall authorize the licensee to sell intoxicating liquors by the glass or bottle, provided that no part of such intoxicating liquors shall be sold for consumption off the premises described in such license.

(5) The special liquor license shall authorize the licensee to sell intoxicating liquors by the glass or bottle, at race tracks, race meets, and other places of public entertainment; provided, however that no such license shall be granted unless the application is first approved by the persons, persons, society or organization in charge of such race tracks, race meets, or other places of public entertainment.

### THE DISTRICTS.

In the matter of classification of districts and license fees the proposed bill says:

"For the purpose of fixing the fees to be paid under the aforesaid classes of licenses the following classification of districts is hereby made and established:

"(1) All parts of the Territory of Hawaii within a radius of three miles of the building occupied by a first or second class postoffice of the United States, as established by the Postmaster General of the United States, shall be districts of the first class, and all other parts of the Territory shall be districts of the second class.

"(2) In determining whether the place in which such business is to be conducted is in a district of the first or a district of the second class, it shall be the duty of the Board of License Commissioners to be guided, as to the classification of the postoffices, by the official reports of the Postmaster General of the United States and as to distances, by government survey maps, if such exist, and if not by the best information obtainable.

"Before any wholesale liquor license shall be issued under the provisions of this Act, the applicant shall pay to the Treasurer an annual fee of Two Hundred and Fifty (\$250) Dollars, and file a bond as herein required.

"Before any retail liquor license shall be issued under the provision of this Act, the applicant shall pay to the Treasurer an annual fee of Two Hundred and Fifty (\$250) Dollars, and file a bond as herein required.

"Before any saloon liquor license shall be issued under the provisions of this Act, the applicant shall pay to the Treasurer an annual fee of Five Hundred (\$500) Dollars for districts of the first class; and an annual fee of Two Hundred and Fifty (\$250) Dollars for districts of the second class, and file a bond as herein required.

"Before any hotel liquor license shall be issued under the provisions of this Act, the applicant shall pay to the Treasurer an annual fee of Five Hundred (\$500) Dollars for districts of the first class; and an annual fee of Two Hundred and Fifty (\$250) Dollars for districts of the second class, and file a bond as herein required."

The license fee for special licenses is placed at \$15 per diem.

The provisions as to penalties for infringement of the law are along the general lines in vogue.

### THE GOVERNOR'S VETO.

Early in the afternoon the following message was received from the Governor:

"Herewith I return, without my approval, House Bill No. 78, entitled 'An Act to regulate the conduct of the trial of civil and criminal causes and to repeal sections 1796 and 1797 of the revised laws of Hawaii.'

"The purpose of this bill is to change the procedure of trials in Circuit Courts which has been in operation in Hawaii for many years, and to adopt the procedure of those States which have a code. The bill conforms to the California statute, except that it deprives the court of the power to allow, for good reason and on the offer of new evidence, either side to reopen the case. The present procedure in our courts allows this to be done, and it conforms to the law in force in almost every other jurisdiction.

"The bill provides for the repeal of section 1796 of the Revised Laws of Hawaii. This section states that the court may allow a non-suit or a verdict for the defendant, if in its opinion no case has been made out. The passage of this act would indicate that the Legislature desires every case to be decided by the jury regardless of whether the prosecution or plaintiff has legally made out a case.

"I can see little or no reason for changing the present method of trial in civil and criminal actions; nor do I believe it advisable to deprive judges of the right to non-suit a case.

(Signed) "GEO. R. CARTER, Governor."

The Governor's veto was sustained by 29 to 0, Aylett being absent.

### AFTER THE TYPEWRITERS.

The following bills were introduced and read a first time by title:

To prevent any female person from being employed as clerk, typewriter or stenographer in the offices of Circuit Courts, Commissioner of Public Lands, Attorney General, Treasurer, Agriculture and Forestry, Public Works, Public Instruction, Audit, Survey, Registrar and High Sheriff, unless there are no male applicants for such positions. (Broad.)

For the licensing of farriers and horse shoers. (Sheldon.)

### SOME ROUTINE.

Secretary Atkinson notified the House that the Governor had signed the following bills:

No. 5, to Regulate the Examination of Jurors as to their Qualification or Interest.

No. 6, to Encourage Diversified Industries.

No. 7, Amending Sections 2358 and 2359 of the Revised Laws relating to the Duties of the Registrar of Conveyances.

NEW LINE OF  
**Ties, Shirts, Collars,  
Etc, Etc, Etc.**

—AT—

**J. Lando**

1056 Hotel Street.

Honolulu district. The committee recommended the passage of a bill making the minimum pay \$1 a day except in Honolulu district where the minimum shall be \$1.50 a day.

On a vote to adopt the report a tie resulted as follows:

Ayes: Andrade, Aylett, Broad, Cox, Harris, Holstein, Kalawala, Kalelopu, Liliakalani, Long, Mahaloa, Nakulua, Quinn, Shipman, Waterhouse—15.

Noes: Coelho, Copp, Fernandez, Greenwell, Haia, Kallio, Kaniho, Lewis, Mahikoa, Pali, Pulaa, Rice, Sheldon, Smith, Knudsen—15.

The clerk was instructed to notify the Senate that the House had disagreed on the report of the Conference Committee.

The Committee on Public Lands and Internal Improvements.

For relocating Kawela road, Molokai, \$2000. (Nakulua). Recommended.

For the extension of Vineyard street from Liliha to Asylum road \$20,000. (Broad). Recommended.

For road from Hawaii Mill to Waimae road, North Kohala, \$3500. (Kaniho). Recommended.

For jailer's cottage at South Kohala, \$495. (Pulaa). Recommended.

For removal of the Court House and Jail at Hauula, Koolauloa to Laie. Recommended tabled.

### KNUDSEN WAS FIRM.

There was a cat's-paw on the untroubled waters of the House when the session resumed during afternoon. Kalelopu moved to reconsider the tie vote on the report of the Conference Committee regarding the bill to fix the minimum wage of government laborers.

Long seconded the motion taking the ground that the speaker had no right to vote as the motion was for the adoption of a report, not on the final disposition of a bill.

Speaker Knudsen's weather eye was open and he ruled the motion out of order with a calmness which did him credit. He may have done wrong but, to drop into the vernacular, "he do it good."

### FOR IMPROVEMENTS.

The Committee on Public Lands and Internal Improvements continued its report from the morning session the following matters being treated:

For repairing roads from Kawela to Kukulahapua, Molokai, \$2000. (Nakulua). Recommended.

For improving water works of Wailuku and Kahului, \$2500. (Coelho). Recommended.

For repairing roads Honolulu to Kawela, Molokai, \$1500. (Nakulua). Recommended.

For right of way and road, lower

Puna Road to Kinau wharf road, South Hilo, \$10,000, and for arch culvert, Mokuhoua gulch, South Hilo, \$5000. (Lewis). Recommended.

For completion of the Pelekunu road, Molokai, \$1500. (Nakulua). Recommended.

### NO LIQUOR FOR LEPERS.

The Committee on Health reported adversely on the petition for a wine and beer license for the Molokai settlement.

"Careful inquiry regarding the wishes of the inmates of the settlement has convinced your committee that there is a strong opposition on the part of a majority at the settlement to this petition," ran the report, "and we would therefore recommend that it be tabled."

And tabled it was, for Fernandez, Waterhouse, Long and Greenwell signed the recommendation though Coelho did not concur.

The Committee on Health reported adversely on Bill 415 relating to public markets (Cox). The bill was tabled. Haia's petition for the payment of \$600 for paid delivered at the Leper Settlement was referred back for explanation.

The claim of \$600 for the loss of the sloop "Volante" while transporting Superintendent McVeigh gratuitously, was reported on by the Health Committee. It was recommended that \$250 be paid, the sloop being worth only that amount. The report was tabled.

### MORE RESOLUTIONS.

The following resolutions were introduced:

For a new court house at Wailuku, Maui, \$50,000 (Coelho). Referred to the representative from Maui amid loud cheers.

For reimbursing W. E. Shaw for the loss of a bay mare which fell through Makaoehua bridge, \$65. (Coelho.)

Miss Alice P. Board, manager of the Kona Orphanage, petitioned for an appropriation of \$2400 for the biennial period. The matter was referred to the Finance Committee.

Lushine Pillwaie (w) petitioned for a title to two acres of land at Kalaupapa, Hilo. The Public Lands Committee will deal with the matter.

The petition of a number of people from Kaulaupapa and Kulaupapa for the following details was referred to the Health Committee:

For a polio press, \$5000.  
For an assistant doctor.

For a home in Honolulu for non-leprosy sons of leprosy parents \$3000.  
For a maternity home at Puah, Kaulaupapa, \$10,000.
